

CROSS KEYS VILLAGE

The Brethren Home Community

at a glance...

Cross Keys Village is a premium faith-based continuing care retirement community nestled on over 360 acres in beautiful south-central Pennsylvania. Embracing an “**age in your preferred place**” philosophy, we offer a growing senior living community with a broad range of accommodations through personalized care and memory support as our residents progress.

Residential Living offers an active lifestyle through **curated activities and programs**, including music, art, drama, fitness, and well-being. Harmony Ridge, the central community center, features gathering rooms, art studios, cardio & weight center, swimming pool, 125-seat performance theater, and more!

Personal Care is designed for individuals who wish to remain independent; however, living at home is no longer a practical solution. Residents receive assistance with daily medication management and with tasks such as bathing, dressing, and incontinence management, all while **building friendships and participating in social engagements**.

Lifespring is the newest addition to Cross Keys Village, offering specialized **day services** and **memory support** to the community. This purpose-built center provides structured daily programming designed to support brain health, medication management, and nutritious meals—offering essential respite for caregivers of individuals with neurocognitive conditions. Lifespring also features **memory support outreach**, providing education, support groups, and valuable resources for individuals living with Alzheimer’s disease or other neurocognitive disorders, as well as their care partners.

Brookside is a secure memory care program with around-the-clock nursing and support. **Residents engage in stimulating activities** designed specifically for those with dementia or Alzheimer’s disease.

Our **Healthcare Center** provides long-term care along with short-term rehab services. Our carefully trained team members strive to maintain both the **highest quality of life and the highest quality of care**.

The Brethren Home Foundation represents the fundraising arm of The Brethren Home Community. Their continued efforts provide financial assistance when a resident outlives his or her resources, along with funding continued expansion of our campus and services.
