Enhanced Medical Coverage Across CKV

Jenn Holcomb, Ext. 5235
Chief Clinical Integration Officer

We are excited to share that, effective October 5, UPMC Post-Acute Care & Senior Services is providing medical care and support throughout the entire continuum of care at Cross Keys Village, including Residential Living, Personal Care, Brookside Memory Support, and the Healthcare Center.

This enhanced partnership strengthens the medical services available across our campus and provides residents with access to a dedicated team of physicians and advanced practice providers who specialize in the care of older adults. By having a consistent healthcare partner across all levels of living, residents can experience greater continuity of care, improved coordination of services, and seamless support as healthcare needs evolve over time.

We are grateful for this collaboration and the additional expertise and resources it brings to our community. Most importantly, we are excited about what it means for our residents: enhanced medical care, stronger clinical support, and added peace of mind for residents and families alike.

Memory Support Group Feedback

Erin Nelson, Ext. 5403
Director of Memory Support

Have you attended the Embracing Today program or the Parkinson's Thursday Group? We would love to hear about your experience.

Your feedback helps us understand what is working well and how we can continue to improve our programs and support services. Whether you attended one session or many, your thoughts and

opinions are important to us.

Please take a few minutes to complete our short feedback survey by visiting www.crosskeysvillage.com/memorysurvey. Your responses will help shape future programs and ensure we continue to meet the needs of our community.

The deadline to submit your feedback is Sunday, October 4.

Thank you for your time, support, and valuable input!

Campus Inn Menu Gets Fresh Fall Update

Cheryl Ditzler, Ext. 5281
RL Dining Ops Manager

Beginning Tuesday, October 6, the Campus Inn regular menu is getting a seasonal refresh. To provide more variety and introduce new favorites throughout the year, the menu will now be updated quarterly.

As we introduce our new fall menu, we encourage everyone to keep a copy of the current Campus Inn menu for reference. The menu will be printed in this week's Village Voice and will serve as a handy guide to all available offerings.

In addition, Villagers can view the most current Campus Inn menu at any time on Uniguest, making it easy to stay informed about available selections and seasonal updates.

Thank you for dining with us, and we hope you enjoy the new flavors of fall at Campus Inn!

By the spring of 1942, Germany's army in Russia was in desperate straits: Its signature operation, Operation Barbarossa, the June 1941 invasion of Soviet Russia, was a failure, having been stopped a few miles from Joseph Stalin's Kremlin. In addition to the loss of large quantities of military equipment, the anticipated surrender of the Red Army did not happen. Forced into an unplanned second year of fighting, its most valuable need was fuel, especially liquid fuels, lubricating oil, and gasoline for its panzers. Hitler's solution: seize the Soviet Union's main source of petroleum distribution, the city of Stalingrad on the Volga River, and production of the Saudi Arabia of the USSR's oil, the city of Baku on the Caspian Sea in the Caucasus mountain region. Will delving deeper, ever deeper into the largely unknown regions of the U.S.S.R. succeed? Come and see what Villager Ken Weiler has to say about Nazi Germany's most risky military operation.
