Enhancing the Villager Experience

Jenn Holcomb, Ext. 5235
Chief Clinical Integration Officer

I would like to share a few leadership updates that reflect our continued commitment to making Cross Keys Village a welcoming, connected, and supportive community for everyone who calls it home.

Brian Lawrence has made the decision to resign from his role as Director of Village Housing. His last day at Cross Keys Village will be October 16. We are grateful for Brian's dedication and contributions to our community over the years and wish him all the best in the next chapter of his journey.

As we look to the future, we are also making changes designed to strengthen communication, coordination, and service for our Villagers. To better align the support available throughout the community, the roles of Director of Village Health Services and Director of Village Housing will be combined into a new position: Director of Villager Experience.

This new role is intended to create a more seamless experience by providing Villagers with a centralized resource to help answer questions, coordinate services, and connect the many aspects of village life. Our goal is to make it even easier for you to access the support and information you need while enhancing your overall experience at Cross Keys Village.

In addition, Leah Schryer will transition from her current role as Director of Life Engagement in Personal Care to a new position as Director of Enrichment and Vibrant Living. In this role, Leah will provide leadership for the Life Enrichment teams in both Residential Living and Personal Care.

By bringing these teams together under one leader, we can foster greater consistency and continuity in programs, activities, and engagement opportunities across our community. This will help ensure that meaningful opportunities for connection, purpose,

wellness, and enjoyment remain a hallmark of life at Cross Keys Village, no matter where a person may be on their journey within our continuum of living and care.

Thank you for your continued support as we implement these changes. We believe these enhancements will strengthen our ability to serve you, improve communication, and further enrich the experience of living at Cross Keys Village.

Bring Your Hoses Out of the Cold!

Grounds Team, Ext. 5375

Drop the hose or pay the price. As unexpected freezes loom, leaving summer garden hoses tethered to outside spigots is a ticking time bomb for frozen pipes. Worse, cheap fittings may have corroded tight, demanding brute force to wrench free.

Is your hose rusted to your spigot? Save your plumbing by logging a work request through Worxhub on Uniguest or calling the grounds crew, and a team member will handle the heavy lifting for you before the deep freeze sets in.

Halloween Dress-Up Day

Nikki Bull, Ext. 5294
Life Enrichment Specialist

It's that time of year again! Get ready to break out your costume and join us for a Halloween dress-up day on Friday, October 30. Whether you are planning a group ensemble or going solo, we can't wait to see your creativity! To ensure a fun and safe experience for everyone, please refrain from wearing costumes such as ghosts, witches, devils, or anything gory, revealing, or that may scare your friends and neighbors.

Horst Road Gate

Corey Miller, Ext. 5457

Director of Information Services

The gate vendor continues to investigate the issue where the Horst Road gate hangs open. They have replaced the electronic pieces within the gate, but the issue remains. Thanks to a tip from an observant Villager, a potential pattern has been identified. Using this information, the vendor will be back on-site to investigate a resolution.

For now, when you scan your badge at the gate, wait for the gate arm to open the whole way before driving through. If you scan your badge and don't wait for the gate arm to open fully, the gate may hang open. Also, please do not attempt to drive through behind someone once they open the gate.

I will send another update once we receive a report from the gate vendor.

Bridgewater Landing Final Paving

Brian Lawrence, Ext. 5428

Director of Village Housing

Weather permitting, beginning Monday, October 12, York Excavation will be on site to complete the final road paving process for the Bridgewater Landing neighborhood. The project is expected to continue through Wednesday, October 14, weather permitting.

The contractor will begin on Bridgewater Drive and then move to Elizabethtown Drive. One lane of each road will be completed at a time to allow local traffic to continue flowing.

However, we ask that residents avoid non-essential pedestrian and vehicle traffic in the work area while paving is underway. Please use caution and allow additional time when traveling through the neighborhood.

Thank you for your patience and cooperation as we complete this campus improvement project.

How Did Settler/ Native Relationships Change Across Colonies and Time?

Bob Peters, Ext. 5754

Village Diversity Group

1:00 pm

Encore Room

Sign up in Uniguest or Harmony Ridge Lobby

We will be commemorating our American Heritage by looking back more than 250 years to investigate the relationships between colonists and native peoples. The first leg of this journey will focus on the portion of colonial charters that described the expected relationship between settlers and natives. Were those who signed the charters expecting conflict, the conversion of natives to Christianity, trade with natives, or to live in peace and equality? (Hint: the expectations differed among colonial charters). The next part of our journey asks whether the charters' expectations proved to be accurate and how relations between settlers and native peoples changed over the years. (Hint: the colonies followed different paths in the changing relations between native peoples and colonists.) The final part of our trip focuses on state constitutions of 1775 and 1776 to see what they said, if anything, about the relationships among state governments, natives, and immigrants. As part of the discussion, we will ask why one third of the documents required the state legislature to approve post-1775/6 purchases of native lands.
